## Experience

Northern Illinois University | DeKalb, Illinois | 2013-2016  
Worked as part of a team to create a web application and corresponding database for handling operations on a cruise line. Collaborated with peers to design and develop an integrated system with web and Windows desktop applications for creating sales quotes, maintaining employee information, processing quotes and creating purchase orders.

United States Army | Fort Lewis, Washington | 2006-2009  
Enlisted 88M  
Held a Secret Security clearance and was the communications representative for the company. Duties included: obtaining the latest encryption key from battalion headquarters and maintaining all company radios with the current key. Developed a method for removing 20ft containers from Palletized Loading System racks without the need for additional equipment or manpower thus increasing delivery efficiency.

U.S. ROBOTICS | Schaumburg, Illinois | 2003-2004  
Assisted the IT department with upgrades and implementation of new hardware and software.
